AFTER-SCHOOL DISMISSAL POLICY

All minor students who attend the day program from 8:30-4:30, Monday –Thursday are required to exit the campus promptly upon the conclusion of the school day.

This measure aims to ensure the safety and timely departure of students, minimizing unsupervised activities on school premises.

Minor students who exit campus, may not return.

Parents and guardians are encouraged to communicate this expectation to their children, and the school staff will assist in enforcing this policy for the well-being of all students.

If a minor student is on campus after school, they must be supervised by an adult or their parent, i.e. an extracurricular sponsor.
